

## Wealth management strength

Our disciplined management approach is reflected in our conservative risk profile and our historical stability that highlights our company's focus on providing long-term value for clients across Canada, even during the most turbulent of financial times.

---

Quadrus Group of Funds offers clients a multi-managed, multi-style approach by some of the world's leading investment managers. You might not know this, but the fund family is managed by Mackenzie Financial Corporation, one of Canada's leading mutual fund managers.
